

Dear Healthcare Professional

This child has sustained a burn injury and is at risk of Toxic Shock Syndrome until the burn is fully healed.

If the child has a fever or is generally unwell, please scan here for advice on diagnosis and management and contact the Children's Burns Ward where the child was seen for further support:

Chelmsford	0300 4430405
Chelsea & Westmin.	020 33153706
East Grinstead	01342 414469
J.R. Oxford	01865 220107
Royal London	0203 5945693
Stoke Manderville	01296 315040

Dear parent/carer,
If your child becomes unwell with any of the following symptoms, it is very important that you **telephone the burns team** for advice or take them to your local hospital or GP :

- Generally unwell
- High temperatures above 38.5C
- Sleepy or not wanting to play
- Vomiting and diarrhoea
- Dry nappies or not passing urine for several hours
- A rash

Please ring your Children's Burns Ward – see over
